Please note: The grading system you use is entirely up to you, the parent. This chart is provided to be a tool for your convenience, not a taskmaster. For example, you might not wish to assign or to give a specific grade for every item. You will not have a grade to fill in for every blank. Feel free to grade according to what works best for you and your student and according to your educational style. Your goal is a child who is growing in the fear of the Lord, wisdom, and knowledge. Number or letter grades are not necessarily the best indicator of that pursuit.
